

# 100 Point System

***RTN will use the 100 point system in any competition where more than 1 adjudicator is on the panel.***

Your raw score is changed into the 100 point system therefore making a placement (1st, 2nd, 3<sup>rd</sup>, etc) equal in value as opposed to a raw score, which varies from judge to judge.

Example: A first place raw score may be an "85" from Judge 1, an "80" from Judge 2, and an "88" from Judge 3. The 100 point system equalizes out these differences.

When there is a tie the points are then divided between those competitors. *Should you want more information on how this works, please contact a member of the Feis Committee.*
